FIRST FLIGHT, FINAL FALL

***TROPES:** Celebrity, Insta-love

SYNOPSIS

What do you do when you encounter the famous footballer voted "Sexiest Athlete Alive" three years running on a soccer field in Germany?

If you're Saylor Scott, you challenge him to a shoot-out. And win.

Saylor's goals have always involved the literal kind constructed from posts and netting. Her single-minded focus has cost her a lot, but it's also earned her recognition as the top female college player in the US. She doesn't get attached, she never gets distracted, and she could care less what anyone thinks of her.

Meeting Adler Beck, the notorious player celebrated worldwide and coveted by women everywhere, challenges her indifference. But Saylor perfected the art of appearing unbothered a long time ago, and her scoring percentage is even higher off the pitch. Might as well add a gorgeous German to the tally.

Because only a fool would fall for a superstar known for breaking hearts alongside records.

And no one has ever accused Saylor Scott of being a fool.

In the midst of pain and loss, they find community, even miracles, and together they are determined to reclaim from life what illness has taken from them. But a singular heartbreak has led one to swear off love forever. The risk of experiencing another tragedy feels too great. THE HUNTER'S GAMBIT

SYNOPSIS

A queer locked-room vampire fantasy.

The city of Mavazem is plagued by vampires. Humans build city walls and sharpen their pitchforks, waiting for the inevitable. Kazan Korvic refuses to cower. As an expert blacksmith, her specialty lies in crafting—and using—weapons designed to kill the creatures that plague her city.

But sword skills aren't enough to protect her when a group of sinister, blood-sport loving vampires attack her caravan. After a bloody battle in a remote wood, Kazan is captured and forced to attend this year's Vampire Court celebration at the inescapable Vampire Citadel. For three days she'll serve as the puppet Vampire Queen. And at the end of her reign, the party will culminate with an extravagant feast... with Kazan as the main course.

Kazan has a plan: find her sword, which was taken in the raid, and then find a way out. She has no allies. And while a handsome vampire lord and a flirtatious vampire noblewoman take an interest in Kazan, they won't lift a finger to help her. With the clock ticking down the last three days she has to live, and every attempt to escape failing, Kazan can feel the walls closing in. But the vampires are not prepared for just how far she's willing to go to survive and exact her revenge.

WISH YOU WERE(N'T) HERE

SYNOPSIS

A fresh and breezy, queer YA rom-com debut.

Rising seniors Juliette Barrera-Wright and Priya Pendley have always tolerated each other. Ever since elementary school, the girls have mutually agreed to endure each other's presence in the overlapping parts of their lives.

Juliette acquiesces the spotlight to Priya all year long in exchange for her moment in the sun at Fogridge Sleepaway Camp—the place where no one is “too much.” Entering her final year as a camper at Fogridge with the prestigious title of North Star, Juliette's ready to forget about Priya and enjoy the outdoors, her fellow campers, and an environment where she gets to be more than a side character. But her hopes for a Priya-free summer are shattered when her rival shows up at Fogridge on move-in day and is assigned to be her roommate.

Juliette's perfect summer continues to spiral out of control when everything that could possibly go wrong does and she is forced to spend even more time with the person she thought she couldn't stand. But as she begins to see a new side of Priya, she's forced to grapple with a new and unexpected feeling...love?

A childhood-rivals-to-lovers story. No queer trauma. No coming-out stress. Just goofballs trying to have the best summer ever.

THE DANGEROUS ONES

SYNOPSIS

A romantic historical fantasy set in the American Civil War, with vampires and people with demigod-like abilities.

1863, Pennsylvania

War doesn't scare eighteen-year-old Jerusalem—she's a Saint. Thanks to powerful demigod-style reflexes, she's fearless. And ever since the Confederates declared civil war, partnering with the vampires who benefitted off slavery, she and her battalion have been essential to the Union army.

Jerusalem herself was enslaved by a vampire, escaping north only after her family was murdered. More than anything she wants revenge, but she never expected to have to team up with a vampire to do it. Alexei is one of those handsome, arrogant Ancient Vampires. But he's on the Union's side, and in the year they've known each other, has never done anything but prove he's on hers.

Together, they set out to change the course of the war and take down the vampire who destroyed everyone Jerusalem loved. But for her, it's about more than justice.

It's about killing a god.

When the two have a disastrous backstage run-in, Elijah proposes an arrangement that could solve both boys' problems. If Wade teaches Elijah how to be popular, Wade can prove that he cares about more than just himself. Seeing a chance to win Reese back, Wade dives headfirst into helping Elijah become the new and improved "Brady."

CASTLES IN THEIR BONES

CASTLES IN THEIR BONES #1

**New York Times bestselling author of the Ash Princess series*

SYNOPSIS

A spellbinding story of three princesses and the destiny they were born for: seduction, conquest, and the crown.

Empress Margaraux has had plans for her daughters since the day they were born. Princesses Sophronia, Daphne, and Beatriz will be queens. And now, at age sixteen, they each must leave their homeland and marry their prince.

Beautiful, smart, and demure, the triplets appear to be the perfect brides—because Margaraux knows there is one common truth: everyone underestimates a girl. Which is a grave mistake. Sophronia, Daphne, and Beatriz are no innocents. They have been trained since birth in the arts of deception, seduction, and violence, with a singular goal—to bring down monarchies—and their marriages are merely the first stage of their mother's grand vision: to one day reign over the entire continent of Vesteria.

The princesses have spent their lives preparing, and now they are ready, each with her own secret skill, and each with a single wish, pulled from the stars. Only, the stars have their own plans—and their mother hasn't told them all of hers.

SYNOPSIS

They were raised to bring down kingdoms, but their true destiny has always been to die. Since Sophronia's murder, princesses Daphne and Beatriz have discovered the truth: they are pawns in their mother's game, which will end with her as empress of the entire continent of Vesteria. Only the princesses have their own plans.

Every move they make, the empress seems to be one step ahead them. If there's to be any hope for the princesses, the girls will need to use every skill their mother taught them, trust in the magic in their veins, and defy fate itself. And if they can't, all is lost for the people of Vesteria.

DARK FANTASY / MYTHOLOGY

INHERITANCE OF SCARS

SYNOPSIS

A dark fantasy debut steeped in Scandinavian mythology that follows a teen who accidentally awakens an imprisoned *draugr* and must follow him into a deadly magical forest to rescue her grandmother.

Seventeen-year-old Astrid grew up believing bloodthirsty monsters known as *draugr* stalked Tiveden, the forest beyond her grandmother Ingrid's home in Unden. Years later, her grandma's terrifying folktales are nothing but stories to Astrid.... until Ingrid vanishes into the forest.

Determined to find her, Astrid returns to Ingrid's house. One fateful night, Astrid is searching for clues when she discovers a hidden passage leading to a basement: a deadly *draugr* has been imprisoned here for centuries, only to be accidentally (!) awakened now.

Newly revived, Soren first mistakes Astrid for her ancestor Skaga, Soren's ex-lover turned enemy. Together, they venture into Tiveden, one looking for Skaga and for his revenge, the other in search of her missing grandmother.

The deeper they go into Tiveden, the closer Astrid gets to the cold, alluring Soren, and as she unravels her family's grim legacy, she discovers the actual monsters were never in the woods.

RABBIT AND JULIET

SYNOPSIS

A haunting story about agency and toxic first loves, told from the POV of an irreverent seventeen year old.

For seventeen-year-old Rabbit, life in her small Georgia town is becoming unbearably hellish. Her ex-boyfriend, resident golden boy Richard, turned into an unrelenting stalker; her friends are nonexistent; and her dad is campaigning hard for Functioning Alcoholic of the Year.

But all that changes when the sarcastic, gorgeous, and frustratingly impenetrable Juliet Bergman walks into Rabbit's life. Juliet is all hard angles and James Dean bravado, an irresistible force shaking up Rabbit's life.

Then one morning, Rabbit's ex-best-friend Sarah—Richard's current girlfriend—shares a horrific discovery about Richard and his crew. The three girls vow to enact revenge on the boys for what they've been doing to unsuspecting girls at parties. With Juliet leading the charge and demanding blind loyalty from the girls, Rabbit falls harder for her than she thought possible. It isn't until Rabbit is faced with a startling act of violence that she must decide how far she's willing to go—for herself, for Juliet, and for justice.

MEDICI HEIST

SYNOPSIS

Welcome to Florence, 1517. The Medici family rules the city from their seat of wealth, but the people of Florence remember the few decades they spent as a Republic, free from the Medicis and their puppet Pope, Leo X.

Seventeen-year-old con-woman Rosa Cellini has plans for the Pope and the Medicis – more specifically, the mountain of indulgence money they've been extorting from the people of Tuscany. To pull off the Renaissance's greatest robbery, she'll recruit a team of capable misfits: Sarra the tinkerer, Khalid the fighter, Giacomo, master of disguise, and even the legendary Michelangelo.

What began as a robbery becomes a bid to save Florence from certain destruction - if Rosa and company don't destroy each other first.

CRIMSON TWILL #2

*Illustrated by Birgitta Sif (represented by Writers House)

*Three-book series

SYNOPSIS

Little witch Crimson wants her friends to have fun on their first visit to the country—but everything goes wrong! In a second punny adventure, the delightful series continues with plenty of spells and humor.

Crimson Twill's new friends from New Wart City, Mauve and Wesley, are coming for a visit! But as soon as they arrive at Crimson's house in Cackle County, things start to go wrong. At the rotten apple orchard, Crimson's ripening spell goes horribly awry (what will they do with all that rotten applesauce?). Then, at the broom-straw field, Wesley cuts too much straw and starts to float away. And when the friends try to collect frogs' breath for their spells (it makes everything wonderfully green and warty), Mauve gets a stinky faceful of it! What on earth is going on? The whole countryside feels like something big is about to happen, and Crimson wonders if it has something to do with Granny Twill and that giant cauldron of stew she made. Can Crimson get to the bottom of this bad-luck mystery? And, more importantly, will her city friends ever want to visit her again?

EXTRA NORMAL

SYNOPSIS

It's hard to fight the supernatural when you're naturally "un-super." Charlie Greer is nothing special—at least not compared to her adopted siblings. Her younger sister is a ghost. Her brother Mateo is a werewolf. Gideon is the product of seriously sketchy experiments that gave him telekinetic powers. Even her parents work for the Division of Extranormal Investigations tracking down all things supernatural, alien, and otherwise unusual.

Charlie's mom says her superpower is maturity—which doesn't really count. But what Charlie lacks in powers she makes up for by keeping the household running. Now, with her parents off on their first vacation in years, it's up to her to take care of her siblings and make sure nothing disrupts the trip.

But then the new neighbors arrive. The Weavers are a nice, normal couple. Too nice and too normal. And for some reason, they don't seem to want Charlie to see inside their house. She's certain they're hiding something. Charlie has to uncover what's going on with the Weavers and stop their plans—without letting Mom and Dad find out anything is wrong.

THE CARE AND FEEDING OF A BLACK PET HOLE

* Runner-up Premio Strega ragazze e ragazzi [Strega Award Children's books] 2019

SYNOPSIS

A girl's friendship with a lonely black hole leads her to face her own sadness. An astonishingly original and funny adventure with a great big heart.

When eleven-year-old Stella Rodriguez shows up at NASA to request that her recording be included in Carl Sagan's Golden Record, something unexpected happens. A black hole follows her home, and sets out to live in her house as a pet. The black hole swallows everything he touches, which is challenging to say the least—but also turns out to be a convenient way to get rid of those items that Stella doesn't want around. Soon the ugly sweaters her aunt has made for her all disappear within the black hole, as does the smelly class hamster she's taking care of, and most important, all the reminders of her dead father that are just too painful to have around.

It's not until Stella, her younger brother, Cosmo, the family puppy, and even the bathroom tub all get swallowed up by the black hole that Stella comes to realize she has been letting her own grief consume her. And that's not the only thing she realizes as she attempts to get back home.

When you're in the middle... you're not the oldest, and you're not the youngest. You are right in between. There's someone bigger who helps you and someone smaller who needs you. From the middle, you can see both sides.
