Jess H. Gutierrez is the author of *A Product of Genetics (and Day Drinking)* and a humor columnist for Paxton Media Group newspapers. She was an award-winning reporter for the *Northwest Arkansas Times* and the *Arkansas Democrat-Gazette*, and has written for *Out* magazine and *Electric Literature*. She lives with her wife, a fire captain, and three small kids who have already surpassed Jess in both intellect and cunning. They live in Arkansas.

Jess H. Gutierrez

Adulthood for Amateurs

Misadventures of a Geriatric Millennial

From the author of *A Product of Genetics (and Day Drinking)* comes a rowdy and hilarious new collection of essays on life as an elder millennial, filled with life lessons on everything from marriage to parenting to rolling with the punches when Gen Z mocks your TikTok dances.

In *Adulthood for Amateurs*, Jess H. Gutierrez marvels at how—we can't avoid the fact anymore—her cohort, the millennials, are approaching middle age. While 1998 seems like just yesterday, we are now grown-ups who feel like we're still growing up. And at forty-two, Jess has quite a trove of stories to tell.

Jess is leaning into her geriatric millennial years and reflects on how growing up does not necessarily bestow one with maturity. When the dinner covers were lifted to reveal vertically posed sausages, hundreds of the fanciest wedding guests, including the mayor, were treated to a demure and refined Jess's explosive guffaws. While Jess's brothers now have wholesome families and responsible jobs, she can't stop one-upping them, even if it gets her brother nearly fired by a potty-brained prank right before he scrubs into surgery. When Jess and her wife booked their first grown-up vacation, they discovered too late that their Hawaiian trip was to a Mormon resort and therefore completely alcohol free. So Jess and her wife bravely put on their big-girl panties—and slunk off in a makeshift escape from this cheerful teetotaler paradise.

Turns out, even as a responsible homeowner with a mortgage, three kids, and a yard of chickens, Jess might not have matured much beyond her twenties. She's still the woman who in an earlier era survived queer-dating fails and aughts-era pop culture moments—ultimately discovering that an illegal rave cannot heal a broken heart and that vampire-romance franchises are terrible dating manuals for a budding trailer park lesbian.

Altogether these are the makings of delightful material for this bawdy—sometimes poignant and, dare we say, occasionally *wise*—new read.

Praise for *A Product of Genetics (and Day Drinking)*

“Jess Gutierrez has a one-of-a-kind talent for showing how hilarious and absurd life can be—and, lucky reader, she is ready to share her escapades with the rest of us. I couldn't put this book down.” —**W. Kamau Bell**, comedian and author of *The Awkward Thoughts of W. Kamau Bell*

Jess H. Gutierrez

A Product of Genetics (and Day Drinking)

A Never-Coming-of-Age Story

A frank, raucous, and bawdy collection of essays about coming of age through the oddest jobs, misadventures in queer love, and endearing parenting fails.

This is a perfect book for a very imperfect generation. Millennials were the kids who wore slap bracelets and jeans so low rise they could see one another's colons, and they are now adults wondering, Is everyone else as messed up as I am?

In her book, Jess shares relatable tales of a woman who feels like a dumpster fire even with a seemingly ideal set up with a fire-captain wife, three kids, and a mortgage. Highlights include roller-derby catastrophes, a disastrous first night on the job at a lesbian bar, narrow escapes from wild animals, and fond memories of sending printed thirst-trap photos via mail to the lover in Australia she met on the early Internet. Readers will soon cheerfully discover that Jess's voice is infectious, her stories are off-the-wall, and her references are deeply and delightfully millennial..

"Jess Gutierrez has a one-of-a-kind talent for showing how hilarious and absurd life can be—and, lucky reader, she is ready to share her escapades with the rest of us. I couldn't put this book down." —**W. Kamau Bell**, comedian and author of *The Awkward Thoughts of W. Kamau Bell*

"Gutierrez *speaks to me*." —**Sona Movsesian**, *New York Times* bestselling author of *The World's Worst Assistant*

"A once-in-a-millennium millennial must-read. Gutierrez's quirky and cracking wit leapt off the page and chased me around the room. I'm buying two copies, one for each eye." —**Karen Duffy**, *New York Times* bestselling author of *Model Patient* and *Wise Up*

Maya Kern is a fat, queer author and artist best known for her high fantasy romance novel *Spitfire*, her homegrown skirt empire, and her self-published comics, which include the webcomic *Monster Pop!* as well as several short form fairytale comics. She is a huge advocate for fat liberation and body positivity, which factor prominently into her writing, art, and clothing design.

Maya Kern

Spitfire

An epic (epically steamy) romantasy filled to the brim with chaotic queer energy, distressingly-hot and distressingly-dangerous women, dragons, and a true love triangle (M/F/NB).

A broody prince Caed, his chaotic, widely-beloved, shapeshifting bonded dragon Feon, and the hopeless-romantic princess Allene, all get tangled up in emotions and politics as their kingdoms merge and the trio have to face their long held feelings for each other. Caed wants to know if Feon truly loves him, but can't trust Feon's feelings beyond the magical binding. Feon loves Caed but time and again, Caed bars them from making their own decisions. And Allene can't figure out how to make these two stubborn assholes get over themselves for long enough to admit that they love each other--and for them to hear that she loves them both. Assassination attempts, sexy tea parties, overly fancy ball gowns, and stabbing a future love interest with a fork abound in the first book in this romantasy series.

Spitfire is a heavy hitter that speeds by like the most deliciously addictive romance with political intrigue and fantastical world building. For fans of *Neon Gods* by Katee Robert, *That Time I Got Drunk and Saved a Demon* by Kimberly Lemming, *Morning Glory Milking Farm* by C.M. Nascosta, and *Kushiel's Dart* by Jacqueline Carey.

Wicked Serve

He's my brother's biggest hockey rival...but he's bringing the heat for me.

Nikolai

Hockey is my life, and I need to make this last season count. But when I'm forced to transfer to rival school McKee University for my senior year, I risk pissing off the captain, who happens to be the older brother of Isabelle Callahan: the gorgeous beam of sunshine I messed around with in secret this summer. Rekindling our fling could risk her brother icing me off the team—not to mention the fact that my scarred past makes having a real relationship impossible—and yet the moment I see Isabelle again, all my wild, burning feelings come rushing back.

Izzy

I have two goals for sophomore year: win back my old volleyball position, and forget I ever knew devilishly handsome hockey defenseman Nikolai Abney-Volkov. As the youngest and only daughter in a family full of athletes, failure isn't an option. But when Nik crashes back into my life, I can't stay away from his broody charm. I'm determined to guard my heart this time, but between the furtive hookups and the heartfelt conversations, the lines between friends-with-benefits and more begin to blur. As we fall deeper into a place we can't come back from unscathed, we'll have to make a choice: fight for a future together, or watch it go up in flames.

"Wicked Serve is a sweet and spicy read that brings all the swoon. I love a good grumpy/sunshine romance, and the chemistry between Nikolai and Izzy was sizzling. I was so sad to see it end!" — Lana Ferguson, USA Today bestselling author

"Grace Reilly delivers with a sexy, smart, swoon-worthy sports romance. Perfect for readers looking for a red hot read." — B.K. Borison, author of Lovelight Farms

Still Stace

My Gay Christian Coming-of-Age Story / An Illustrated Memoir

Is it possible to be gay and Christian?

Stacey loves being a Christian. Her best friends are also her church friends. Her favorite place on earth is Bible camp every summer. And she talks to God like they are old friends.

But one summer, she meets a girl who turns everything upside down. Is this feeling she has for her more than just friendship? Could it be a crush? Filled with dread, Stacey embarks on a journey to discover what it means to be gay, whether it is possible to change, and how to reconcile her identity with her faith. Will it even be possible?

In this young-adult illustrated memoir, Stacey Chomiak tells the true story of her teenage and young-adult years: of heartbreak, family conflict, trying to become ex-gay, wrestling with her faith, and finding love. Uncovering happiness and joy while surrounded by the loneliness of a world that actively excludes her seems insurmountable. Until she learns to love her full self. Then the possibility of being both gay *and* Christian seems not just possible, but the best answer of all.

"Insightful and inspiring." —**Kirkus**

"Sweet, and heartfelt, I was cheering Stace on her journey to find acceptance from herself, her community, and her God on every page."

Tsultrim Dolma is a Tibetan American activist who first garnered attention for her testimony before Congress, and has since been profiled by multiple outlets (including *The Independent*, *USA Today*, and *The Washington Times*) in advocating for Tibetan liberation.

Rebecca Wei Hsieh is a Taiwanese American writer who has first-hand experience living under the pressures of the People's Republic of China; her work has been featured in outlets like *We Need Diverse Books*, *Observer*, and *Book Riot*.

Tsultrim Dolma & Rebecca Wei Hsieh

Defying China

The incredible true story of a teen who became an activist for the Tibetan independence movement, for readers of *Red Scarf Girl* and *Farewell to Manzanar*.

Tsultrim Dolma, born in a tiny village in the stunning mountains of eastern Tibet, always knew there had to be more than the life expected of her: More than no education, because her family was poor. More than being married off at a young age, because she was a girl. More than barely getting by under oppressive Chinese occupation, because she was Tibetan. When she was sixteen, Tsultrim found more, joining protests for the Tibetan independence movement, the call for her beloved country's liberation from the People's Republic of China. Shortly after, she was arrested and sent to Gutsa Detention Center, notorious for its brutal torture of political prisoners like Tsultrim.

This young adult memoir follows Tsultrim's courageous coming of age through her time at Gutsa, being heavily surveilled by the government after her release, and, ultimately, her escape to the U.S. It also underscores the bravery it takes to speak up, and the power to be found in sharing one's story.

Canto Contigo

Stonewall Award Winner

Publishing Triangle Award Winner - Jacqueline Woodson Award for LGBTQ+ Young Adult Literature

When a Mariachi star transfers schools, he expects to be handed his new group's lead vocalist spot—what he gets instead is a tenacious current lead with a very familiar, very kissable face.

In a twenty-four-hour span, Rafael Alvarez led North Amistad High School's Mariachi Alma de la Frontera to their eleventh consecutive first-place win in the Mariachi Extravaganza de Nacional; and met, made out with, and almost hooked up with one of the cutest guys he's ever met.

Now eight months later, Rafie's ready for one final win. What he didn't plan for is his family moving to San Antonio before his senior year, forcing him to leave behind his group while dealing with the loss of the most important person in his life—his beloved abuelo. Another hitch in his plan: The Selena Quintanilla-Perez Academy's Mariachi Todos Colores already has a lead vocalist, Rey Chavez—the boy Rafie made out with—who now stands between him winning and being the great Mariachi Rafie's abuelo always believed him to be. Despite their newfound rivalry for center stage, Rafie can't squash his feelings for Rey. Now he must decide between the people he's known his entire life or the one just starting to get to know the real him.

Canto Contigo is a love letter to Mexican culture, family and legacy, the people who shape us, and allowing ourselves to forge our own path. At its heart, this is one of the most glorious rivals-to-lovers romance about finding the one who challenges you in the most extraordinary ways.

Ander & Santi Were Here

Stonewall Honor Book

Bookshop.org Best YA of 2023 selection

***Aristotle and Dante Discover the Secrets of the Universe* meets *The Sun is Also a Star* in this YA contemporary love story from about a nonbinary Mexican American teen falling for the shy new waiter at their family's taqueria.**

Finding home. Falling in love. Fighting to belong.

The Santos Vista neighborhood of San Antonio, Texas, is all Ander Martínez has ever known. The smell of pan dulce. The mixture of Spanish and English filling the streets. And, especially their job at their family's taquería. It's the place that has inspired Ander as a muralist, and, as they get ready to leave for art school, it's all of these things that give them hesitancy. That give them the thought, are they ready to leave it all behind?

To keep Ander from becoming complacent during their gap year, their family "fires" them so they can transition from restaurant life to focusing on their murals and prepare for college. That is, until they meet Santiago López Alvarado, the hot new waiter. Falling for each other becomes as natural as breathing. Through Santi's eyes, Ander starts to understand who they are and want to be as an artist, and Ander becomes Santi's first steps toward making Santos Vista and the United States feel like home.

Until ICE agents come for Santi, and Ander realizes how fragile that sense of home is. How love can only hold on so long when the whole world is against them. And when, eventually, the world starts to win.

Noah Ramirez thinks he's an expert on romance. He has to be for his popular blog, the Meet Cute Diary, a collection of trans happily ever afters. There's just one problem—all the stories are fake. What started as the fantasies of a trans boy afraid to step out of the closet has grown into a beacon of hope for trans readers across the globe.

When a troll exposes the blog as fiction, Noah's world unravels. The only way to save the Diary is to convince everyone that the stories are true, but he doesn't have any proof. Then Drew walks into Noah's life, and the pieces fall into place: Drew is willing to fake-date Noah to save the Diary. But when Noah's feelings grow beyond their staged romance, he realizes that dating in real life isn't quite the same as finding love on the page.

Last Ship to Mars

"Nausicaa of the Valley of the Wind" meets "Wall-E" in this sapphic story, set on a deteriorating Earth, an aspiring scientist develops a relationship with a humanoid android—a connection that will forever alter the course of her life, forcing her to choose between abandoning her planet for a better life on Mars or working to rescue the only home she's ever know.

Mara is a young biology student taking a hiatus from coursework to care for her grandmother, make sense of her future, and study a small pond of extremely rare fish near her home. Zal is an 79-year old android, left to rot by that very same pond for the last 40 years. After Mara discovers, rescues, and reactivates her, Zal is faced with a world she no longer recognizes that presents challenges she never had to contemplate. Together, they must both find their places on Earth or leave everything behind for the promise of off-world prosperity.

Last Ship to Mars is a queer science-fiction romance about the people who stay behind from the big space adventure. It tells this story by blending environmentalism, class critique, and the real world implications of what it means to fall in love with a hot robot you find in the woods (and what the hot robot thinks about it too.)

This deeply human story is a love letter to caring about the earth, doing the work, and being passionate in the face of indifference.

Anise & the Devil

When Anise's innocent mother is executed for supposed witchcraft, Anise is awoken to the harsh realities of a folk heroine's story. It seems to her that all good maidens become beautiful dead mothers, and the only women wielding power in a puritanical world are the ones who have truly made deals with the Devil. With the tutelage of a monstrous but powerful witch and a pact with the Devil himself, Anise rejects the world that threatens her and embraces her role as a vicious young witch of the woods... but it comes with a price that was never a part of the bargain. In the dark of the woods Anise will lose her humanity entirely, or return to a society that loathes her, where she must assimilate or risk a fiery pyre. But is there another path to walk?

Adapted from the story of "Vasilissa the Fair," *Anise & the Devil* is a tale of the story cycles we are born into, the razor-thin line between self-protection and self-destruction, and how a girl becomes a hag.

A twisted fantasy perfect for the crossover audience of YA and Adult graphic novel readers who love something a little unsettling but ultimately enchanting, for readers of *Monstress*, *Lore Olympus*, and *Through the Woods*.

Pathways Volume 1

A cast of heroes from all walks of life leads the charge to stop an ancient empire bent on world domination in this queer young adult graphic novel!

An archaeological dig backed by all four countries of Tuvana is meant to shed light on the past while uniting the countries under a similar goal, despite their differences. However, the project takes a sudden dark turn after an unexpected discovery. Communications are lost, family members are missing, there are strange changes in the land and unexpected climate irregularities—all threatening to unravel the tenuous ties that have kept Tuvana at peace for so long.

A clever princess, a set of royal twins with two very different personalities, a patient guard looking after an inquisitive scholar, a powerful and mysterious loving couple, and a fun-having street brawler are all pulled slowly from their very different paths through life as they each stumble across parts of a puzzle that, once assembled, could change—or destroy—the future of their world forever.

One volume collecting the first nine chapters of the webcomic series, *Pathways: Chronicles of Tuvana*, featuring updated artwork!

Red and the Wolves

For lovers of *Through the Woods*, *Blackwater*, and *Squad*, comes a dark, sapphic retelling of a classic tale.

Red, a fiercely loyal hunter, has dedicated her life to protecting her witch Grand Mother. Monsters have been roaming the forest that they call home, bringing forth a mysterious illness that has devastated the land and chased every living soul away. Until Red stumbles upon an injured wolf-girl named Sil.

Red is cautiously optimistic to befriend someone new, but the more their relationship deepens, the more she begins to uncover the sinister truths behind everything she's ever known.

Red must make the difficult decision of who to defend, before catastrophe consumes them all. This graphic novel that's an apocalyptic fantasy meets queer love story turns the classic Little Red Riding Hood fairytale on its head.

Rainbow Boy and the Pride Parade

"I am proud to be a Rainbow Boy!"

When a little boy says he doesn't like rainbows anymore because they make him "different," his parents take him to a place where everyone is a rainbow--a Pride parade! Everywhere he looks, he sees people proudly celebrating their unique identities and styles in a rainbow of color and joy. As he counts the various parade marchers as they go by, he regains confidence in his own rainbow identity. All around he sees pride in every color, shape, and kind--more than he could ever possibly count.
