# DOM-COM

\*TROPES: Office Romance, BDSM Romance, Forced Proximity

### SYNOPSIS

An experienced *Dom* and a baby *sub* must keep their kink-lives a secret after discovering they've just become office mates and professional rivals in this super-steamy contemporary romcom.

All **Rae Jensen** has to do is walk through the door. Inside the *BDSM* [Bondage/Domination/Submission/Masochism] club is everything she's wanted but was afraid to ask for: a ridiculously hot, brooding *Dom* with a sharp jawline, sexy forearms, and a low voice that sends goosebumps along her skin when he says "People here call me the General." For one night, she can forget the stress and her endless responsibilities... and just be a saucy little *sub*, no questions asked.

It's been a while since **Grant Bowman** met someone like her. While he's an experienced *Dom*, he doesn't do newbies, especially ones that are such a sweet distraction. But one night couldn't possibly hurt—until the General discovers they'll be working together at his new consulting job.

Now what started as control is turning into the kind of chaos that destroys careers. But there's no safe word for falling in love...

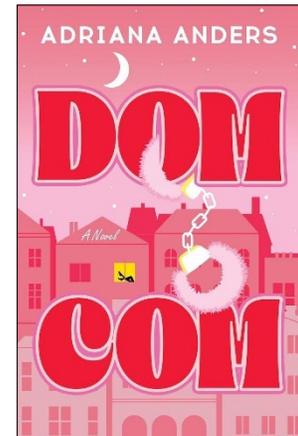

### PRAISE

"The kind of dishy drama that keeps people reading advice columns like *Ask a Manager*, and it pairs beautifully with Anders's skill for high emotional stakes and layered character work. Recommended, but maybe don't tell H.R." — *The New York Times*

"Come for the kink and spice, stay for the smart dialogue and relatable angst. This happy ending doesn't disappoint."  
— *Kirkus*, starred review

THE CORRUPTION CHRONICLES  
DUOLOGY #1

## SYNOPSIS

When the curse she placed on her own Mage Order is discovered, a black-market magical bookdealer, Astoria, must work with her thief best friend, Lucas, and enticing ex-fiancé, Valen, to confront her past before the Order and her own magic destroy her.

Seven years ago, Astoria did the unthinkable: she cursed her Mage Order and fled everything she knew, including her devilishly sexy ex-fiancé, Valen.

Now, she's thriving in her new life as a black-market magical bookdealer, far from the people she betrayed. The only problem: when she cursed her Order, she also cursed herself, and the only thing standing between her and oblivion is the heavily protected grimoire that stabilizes her magic.

Then a monstrous shapeshifting book breaks free and severs the connection between Astoria and her grimoire. Even worse, it injures **Lucas**, her handsome thief business partner and grey-area friend, in the process.

With the clock ticking, Astoria and Lucas team up with Valen to break into his family's estate and steal an amulet that can subdue the book before Astoria's soul is consumed by her ravenous magic. Unfortunately, romantic rivalry and class division keep Lucas and Valen at each other's throats and Astoria at her wits' end.

As the Order closes in and the cost of dark magic takes its toll, Astoria will have to pull off the impossible to stay alive. After all, she can't have a threesome if she's dead.

## DARK ROMANCE

# ASHES OF AUSTEN

## SHADOWS OF PEMBERLY SERIES #1

\*Series sold in the US at auction in a major, four-book deal

### SYNOPSIS

A spellbinding and sinister reinterpretation of *Northanger Abbey*, set in a modern-day London high society run by the real descendants of Jane Austen's most notorious families, in which marriage is a corporate contract and love a dangerous weakness that even the wealthy elite cannot afford.

Helena Montrose is thrust into an unholy alliance with the icy and dangerous Lord Victor Tilney. Bound by duty and desperate to save her family from scandal, Helena finds herself trapped within the crumbling walls of Northanger Abbey, where the shadows seem alive with menace.

As her wedding day looms, the abbey's eerie halls become a battlefield for her sanity. Her wedding gown is found slashed to ribbons. Poison creeps into the food, and an attempt on her life sends her tumbling down the grand staircase. The whispers of the staff grow louder, murmuring of a bridal curse that taints the Tilney legacy and of the twisted darkness behind Victor's wealth and power.

Helena's every step is watched, her every move manipulated, and it becomes chillingly clear—someone doesn't want this marriage to happen. But the greatest danger may come from Victor himself, as his obsession with Helena blurs the line between protection and possession. And as she unravels the truth, Helena must decide: Is Victor her captor—or her savior?

Dark, seductive, and laced with peril, *Ashes of Austen* will leave readers breathless as love battles the forces of vengeance and a deadly curse that may destroy them both.

ROMANCE

# I KISSED HER FIRST

**SYNOPSIS**

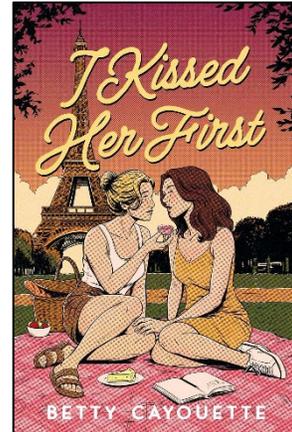

An aspiring chef and world-famous popstar cook up what starts to sound like a love song in this sapphic new adult debut from Betty Cayouette.

This is Riley’s last summer as a chef. At least, this is what she’s promised her dads, who run a Cape Cod lobster shack and don’t want their daughter to follow in their stress-ridden footsteps. So Riley decides to go big and audition as a private chef for a singer’s European tour. When she finds out she got the gig, she’s thrilled. But when she learns that the singer she’ll be cooking for is Luna Leya, she and her sister’s favorite popstar? She almost can’t believe it.

Soon enough, Riley and Luna strike up an unexpected friendship, much to Luna’s manager’s disapproval. Luna should be focused on getting her Grammy, which means pulling off this tour without a hitch and continuing to date the notorious singer/heart throb/beloved bad boy Hudson, who’s rocketed her to a new level of fame with their hit single. Luna should definitely not be sneaking off to the Eiffel Tower and private Andalucian dinners to spend time with Riley. As the two get closer, Riley thinks she might be losing her mind. Is it possible the Luna Leya is flirting with her? And is there a world where Riley could keep her dream of being a chef alive? Soon, things will reach a tipping point and both Riley and Luna will be left wondering: could their story be a love song after all?

# STRANGE FAMILIARS

## SEAMERE COLLEGE DUOLOGY #1

### SYNOPSIS

Two scholars of magical veterinary science must put aside their lust and loathing to save the world in the first installment of this whimsical, romantic, dark academia duology.

All Gwendolynne Chan needs is to get through final year at Seamere College, where she is on track to graduate as number one —as long as the pretentious prat Harrisford Briggs doesn't beat her to it.

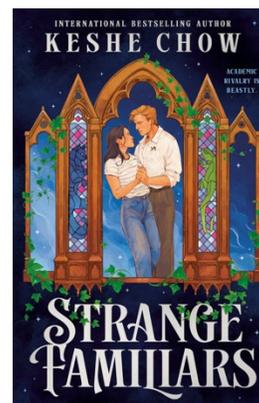

Harrisford Briggs's father, the chief financial officer of Magecorp, a major global distributor of magic, expects him to come top of the class. Harrisford, though, can't help but notice that his father has been acting odd. And there are strange whisperings, too, of uncontrollable surges of excess magic.

When these magical surges begin to rock London, causing chaos and explosions and animal familiars going feral, Gwen and Harrisford find themselves reluctantly involved, putting both of their veterinary careers at risk.

Along with Gwen's snarky cat familiar, Gwen and Harrisford must team up to diagnose the problem. But as the two academic rivals fight their burgeoning feelings, they quickly realize that magic is not the only thing surging.

# TETHERED

## THE BINDING CHRONICLES TRILOGY #1

\* Trilogy originally self-published as YA

\*TROPES for Book 1: Forced Proximity, Arranged Marriage, He Falls First, Touch Her and Die

### SYNOPSIS

**What could be worse than an arranged marriage to a vampire prince?**

When Luna is sold into marriage to the vampire Prince of Darkness, she expects cruelty, not temptation. Prince Sebastian was made to obey his queen, even if that means binding himself to a mortal he doesn't want and burying every trace of the humanity he lost centuries ago. But the moment their blood mingles during the Binding Ceremony, something ancient and forbidden ignites between them.

Now bound by a magic neither understands and incapable of going more than thirty feet apart, Luna and Sebastian are trapped in each other's orbit—tethered but unwilling to surrender. As political schemes twist into betrayal and war brews on the horizon, desire becomes their greatest danger. Loving each other could cost them their crowns, their kingdoms and their lives.

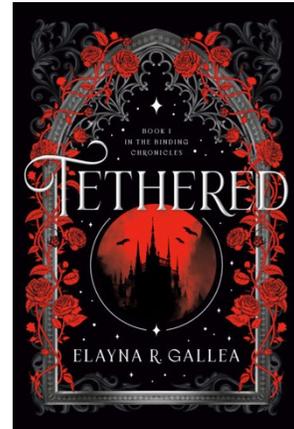

Steeped in dark magic, aching passion and impossible choices, *Tethered* is a sweeping gothic romantasy about two enemies bound by fate and undone by love.

**Book #2 – TORMENTED (September 7, 2027):** After the harrowing events of the *Eternal Night*, Luna and Sebastian deal with the aftermath of his decision.

**Book #3 – TREASURED (September 5, 2028):** Having survived Queen Marguerite's deadly tournament, Sebastian and Luna are now fugitives — and it's up to them to save the realm.

I'm the notoriously angry, grouchy, D.C. Eagles defenseman that just can't keep his temper in check. The temper that leads to a fifteen-game suspension from the NHL.

As if that's not bad enough, I'm forced into a short-term youth-hockey coaching gig. Which my manager swears will "rebuild my image."

But what I didn't expect was for a gorgeous, spunky blonde to stomp onto the ice on day one and lecture me about being rude to her little brother.

Something about this spitfire of a woman, and the boy she's so protective of, has my defenses melting.

And if I'm not careful, I'll burst into flames, forever melting the ice I've carefully kept around my heart.

### SYNOPSIS

A wedding forces one university student to return to her small town where she must finally face the long-buried secrets and heated tension between her and her brother's best friend.

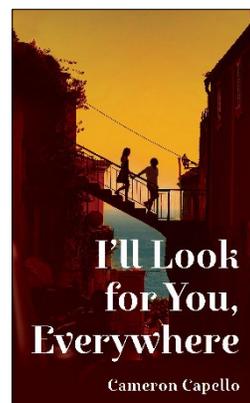

Once close to her big family, Magdalen Savoy is now paralyzed with anxiety every time she's tempted to leave her safe haven at the University of Oxford and return to her Italian village. But when Magdalen receives an invitation to her sister's wedding, she has no choice but to pack her bag for what is sure to be a long summer with the man she still can't forget.

After seven years, Theo finds himself back in Chivasso, where nothing changes. But upon seeing his best friend's little sister, it's obvious that the sweet Maggie from his childhood is long gone. He can barely recognize the young woman with walls built around her heart and scars she tries to keep hidden. He knows he should stay away, yet he can't ignore the electricity he feels at her slightest touch.

Their close proximity as neighbors definitely doesn't help during weeks of wedding preparations. Searching for each other in every room and dancing a little too close soon makes it hard to convince everyone else—and themselves—that there's nothing between them. But long-buried secrets threaten to tear their families apart—and could possibly separate them forever.

### SYNOPSIS

What do you do when you encounter the famous footballer voted "Sexiest Athlete Alive" three years running on a soccer field in Germany?

If you're Saylor Scott, you challenge him to a shoot-out. And win.

Saylor's goals have always involved the literal kind constructed from posts and netting. Her single-minded focus has cost her a lot, but it's also earned her recognition as the top female college player in the US. She doesn't get attached, she never gets distracted, and she could care less what anyone thinks of her.

Meeting Adler Beck, the notorious player celebrated worldwide and coveted by women everywhere, challenges her indifference. But Saylor perfected the art of appearing unbothered a long time ago, and her scoring percentage is even higher off the pitch. Might as well add a gorgeous German to the tally.

Because only a fool would fall for a superstar known for breaking hearts alongside records.

And no one has ever accused Saylor Scott of being a fool.

# LYONESSE TRILOGY

## BOOK #1: SALT KISS

### SYNOPSIS

A queer, kinky retelling of the Tristan and Isolde legend with age gaps, bodyguards, and antiheroes.

Tristan Thomas is lost. After leaving the army, the young former soldier is in limbo. Until, that is, he's hired by Mark Trevena, the owner of Lyonesse—DC's ultra-secret club—to be Mark's new bodyguard. He's drawn into Mark's dark, seductive world of power and desire, and slowly drawn to Mark himself, even though Mark is everything Tristan knows he shouldn't want: cruel and wicked and shamelessly amoral.

But protecting Mark isn't Tristan's only duty: soon, Mark asks him to guard his soon-to-be bride as she travels home from Ireland on Mark's yacht. Tristan is jealous—and hurt to learn that the object of his obsession is engaged—but the former soldier in him is made to obey orders, and he goes to fetch Mark's bride for him.

Isolde Laurence is nothing like Tristan expected, however. Young, quiet, and sharp, she's being pushed into this marriage by her family, and as the two travel back to America, Tristan finds himself fascinated with Isolde and the glimpses he gets of the lonely but determined woman behind her reserve. And the fascination is mutual: one night, while sailing under the cold stars, they share a searing kiss. From there, it's a fast fall into the forbidden for all three of them.

**Book #2 – HONEY CUT:** Isolde knew the peril that comes with loving a devil and his angel of a body guard. She never realized that the most perilous thing to befall her would be the both of them falling in love with her back...

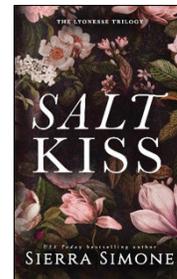

**Book #3 – BITTER BURN:** The third and final book in the Lyonesse trilogy, told from Mark's POV

### SYNOPSIS

Ten women. A deadly contest. Only one can win the Sun King's heart.

Lor has endured twelve long years of torment under the Aurora King's rule. Her only desire is to get free and pay him back for every moment of misery she's endured. When a surprise release finds her in the hands of the Sun King, Lor is thrust into the spotlight as she competes against nine other Tributes for the role of queen. If she wins his heart, she'll earn her freedom and finally get her revenge.

But Lor doesn't belong in the Sun Queen Trials. Not only does she not understand why she was freed, she isn't a citizen of the Sun King's court. The other Tributes resent her presence and will stop at nothing to ensure Lor is wiped off the gameboard, permanently.

Now Lor must win, because if she loses, she dies. Or worse, she'll be sent back into the hands of the Aurora King.
