# THE SORCERER AND THE SWAN

**A PRINCE IN DISGUISE  
A HEALER IN HIDING**

**A PRINCESS TRAPPED IN A CURSE SHE CAN'T OUTFIGHT**  
For seventeen years, the queen has outlawed magic and executed anyone caught using it. Now her only daughter has vanished into the Dark Forest—supposedly stolen away by a sorcerer no one dares name.

Prince Siegfried refuses to sit idle while his betrothed is in danger. So he ditches the crown, throws on a commoner's cloak, and marches into the forest with nothing but a bow, a stubborn streak, and a smile that gets him into trouble. He expects danger. He does not expect Dilla.

Dilla has spent her whole life hiding her forbidden magic, healing her village in secret and keeping her head down.

The last thing she needs is a reckless, annoyingly handsome stranger crashing through her forest and asking questions she can't afford to answer.

But Dilla is the only witness to the princess's curse—forced to become a swan by day—and the only one with magic strong enough to break it. Helping the princess means risking everything. Turning Siegfried away means watching him walk straight into heartbreak.

As the queen's soldiers close in and the curse tightens its grip, Dilla and Siegfried are drawn together—two people who should never trust each other, let alone care.

But if they can't break the spell in time, the princess won't be the only one lost. Their kingdoms will fall into war, and the fragile spark growing between them will be snuffed out before it ever has a chance to burn.
